A. Academic Achievement
1. Caution about using test composites as predictors, *95*.
2. Demographic differences between high and low achieving university students, *367*.
3. Manifest anxiety and self-description with respect to study habits and attitudes, *79*.
4. Personality characteristics associated with over and under-achievers: A review, *284*.
5. Should we punish failure, *180*.

B. Academic Advising
1. Realism in academic advising, *114*.

C. Administration
1. Car ownership not a deterrent to college success, *224*.
2. Comparative effectiveness of two communication media on a university campus, *203*.
3. Developing student personnel programs in newly established junior colleges, *295*.
4. Expenditures for student services in higher education, *259*.
5. Government investigators on campus, *165*.
6. Student rights as seen by a lawyer-educator, *136*.

D. Admission
1. Admissions screening with leaderless group discussions, *38*.
2. Misplaced emphasis in admissions, *130*.

E. College Climate
1. College characteristics index as a measure of entering students, preconceptions of college life, *2*.
2. University climate and the problems of student pressures, *343*.

F. Counseling
1. Concept of sin in university counseling, *32*.
2. Confidentiality expectations of college students, *7*.
3. Differences between clients and non-clients on the Mooney Problem Check List, *21*.
4. Effects of counseling low-ability, high-aspiring college freshmen, *279*.
5. My focus for a university counseling center, *263*.
6. Note on testing and counseling in colleges, *267*.
7. Unified college counseling center, *171*.

G. Financial Aids
1. Training of financial aid administrators, *90*.

H. Fraternities and Sororities
1. Attitudes of independent men toward social opportunities at a fraternity oriented college, *88*.
2. Fraternities: equal protection under the fourteenth amendment and the Civil Rights Act of 1964, *348*.
3. Forces at work in the development of fraternities, *240*.

I. Housing
1. Academic performance of freshman males as a function of residence hall housing, *167*.
2. Administrative practices in utilizing students as staff in residence halls, *109*.
3. Co-educational residence halls, *81*.
4. Counseling role of the college head resident, *275*.
5. Human relations activities as an educational program in a college residence hall, *18*.
6. Individual growth in the residence halls program, *12*.
7. Satisfied and dissatisfied college roommates, *161*.
8. Social area and room visitation privileges in college housing, *269*.
9. Students reactions to living, learning residence halls, *29*.

J. Orientation
1. Evaluation of a three-day new student orientation, *293*.
2. Rationale for the orientation course, *42*.
3. Student needs and orientation directors' aspirations, *102*.
4. Successful intellectual orientation program, *200*.

K. Placement
1. Changing concept of college placement, *233*.
2. Relations between counseling and placement, *289*.

A. Academic Achievement
1. Caution about using test composites as predictors, *95*.
2. Demographic differences between high and low achieving university students, *367*.
3. Manifest anxiety and self-description with respect to study habits and attitudes, *79*.
4. Personality characteristics associated with over and under-achievers: A review, *284*.
5. Should we punish failure, *180*.

1. Academic performance of freshman males as a function of residence hall housing, *167*.
2. Administrative practices in utilizing students as staff in residence halls, *109*.
3. Co-educational residence halls, *81*.
4. Counseling role of the college head resident, *275*.
5. Human relations activities as an educational program in a college residence hall, *18*.
6. Individual growth in the residence halls program, *12*.
7. Satisfied and dissatisfied college roommates, *161*.
8. Social area and room visitation privileges in college housing, *269*.
9. Students reactions to living, learning residence halls, *29*.

J. Orientation
1. Evaluation of a three-day new student orientation, *293*.
2. Rationale for the orientation course, *42*.
3. Student needs and orientation directors' aspirations, *102*.
4. Successful intellectual orientation program, *200*.

K. Placement
1. Changing concept of college placement, *233*.
2. Relations between counseling and placement, *289*.

L. Professional Problems

1. Critique of the AAUP statement on faculty responsibility for the academic freedom of students, *341*.
2. Disadvantaged youth: a current challenge to student personnel workers, *331*.
3. Identity crisis—1965 (ACPA presidential address), *194*.
4. In loco parentis—legal mots and student morals, *335*.
5. Reflections of a troublesome but hopeful Rip Van Winkle, *66*.
6. Student revolt for freedoms, *321*.

M. Student Activities (includes student government)

1. Clarification and delineation of areas of student and faculty responsibility, *244*.
2. Computer as matchmaker, *25*.
3. Involvement in extracurricular activities as a factor in academic performance, *272*.
4. Personality characteristics of freshman women applying for positions in student activities, *236*.
5. Relation of expected college activities to ability and achievement, *300*.

N. Student Characteristics

1. Adults as college freshmen, *208*.
2. Characteristics and activities of married college students, *228*.
3. Neurotic competitor in student leadership status, *156*.
4. Relationships between the Minnesota multiphasic personality inventory and the college characteristics index, *219*.
5. Role of the educated woman: an empirical study of the attitudes of a group of college women, *145*.

O. Conduct

1. Campus views of male student conduct, *74*.
2. Characteristics of college misconduct cases, *358*.
3. Constructive discipline through student courts, *175*.

P. Vocational Choice

1. Career development of different college majors six and twenty years after graduation, *212*.
2. Persistence and change of educational objectives of engineering freshmen, *98*.
